**2. BOARD OF PUBLIC WORKS
*Wetlands Licenses
Concurrence Cases***

Recommendation: Approval is requested of the following applications for wetlands licenses for projects involving dredging or filling or both in the navigable waters of Maryland. The Board of Public Works Wetlands Administrator recommends that the Board grant the licenses as indicated. The Department of the Environment concurs with this recommendation.

Authority: Section 16-202, Environment Article, Annotated Code of Maryland: “The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.” See also COMAR 23.02.04.

ANNE ARUNDEL

16-0254 *ANNE ARUNDEL COUNTY DEPT. OF PUBLIC WORKS* – To conduct maintenance dredging in Magothy River main channel to maintain boating access.
Country Life Road to Piney Point Road, Magothy River
Special conditions: Time-of-year restrictions; dredging, dredging plan and dump site requirements; reporting and submerged aquatic vegetation monitoring requirements.

BALTIMORE CITY

16-0360 *301 EAST CROMWELL STREET LLC* – To provide erosion control and modernize shoreline structures by removing portions of two piers; removing and replacing timber structures, platforms and bulkhead; and emplacing two storm drains.
Middle Branch of Patapsco River, Baltimore
Special condition: Bulkhead construction must be completed before backfilling.

HARFORD COUNTY

16-0145 *HARFORD COUNTY DEPT. OF PARKS & RECREATION* – To improve navigation by hydraulically or mechanically dredging a channel and providing for a 6-year dredging period.
Mariner Pointe Park, Gunpowder River
Special conditions: Time-of-year restrictions; dredging and turbidity monitoring requirements.

**3. BOARD OF PUBLIC WORKS
*Wetlands License
Extraordinary Case***

Recommendation: Approval is requested of the following application for a wetlands license for a project involving filling in navigable water of Maryland. The Board of Public Works Wetlands Administrator recommends that the Board grant the license as indicated. The Department of the Environment concurs with this recommendation.

Extraordinary Case Classification: This case is classified as extraordinary because of the recommendation that compensation be assessed.

Authority: Section 16-202, Environment Article, Annotated Code of Maryland: “The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.” See also COMAR 23.02.04.

DORCHESTER COUNTY

16-0368 *PEPCO HOLDINGS, INC.* – To improve electrical reliability by rebuilding a 4-line, 1081.5-foot section of transmission line over the Nanticoke River and rebuilding 6,120 linear feet of transmission line through vegetated tidal wetlands; replace poles and towers with steel monopoles; and replace a static wire with optical ground wire.

Vienna to Sharptown, Nanticoke River

Special conditions: Time-of-year restriction; flagging for rare plants; sediment and erosion control requirements; marsh composite mat requirements.

- Application received – February 19, 2016
- Comment period ended – June 15, 2016
- MDE Report and Recommendation received – July 27, 2016

Compensation (see COMAR 23.02.04.15D):

- Annual fee of \$26,115 (10,446 linear feet of transmission line @\$2.50/ft.)
- Annual fee adjusted every five years based on Consumer Price Index.

4. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

Recommendation: That the Board of Public Works approve releasing the deed of trust on one property that received a loan from the Department of Housing and Community Development's Down Payment and Settlement Expense Loan Program. The deed of trust is a second mortgage; the borrower is selling the property requesting release of the deed of trust to facilitate a short sale to pay off the first mortgage owed to DHCD. The borrower has requested a release of the deed of trust securing the second mortgage on the basis of a hardship and medical expenses. The borrower will sign a promissory note in the amount of the outstanding principal of the second mortgage.

Loan Authority: Down Payment and Settlement Expense Loan Program

5. MARYLAND DEPARTMENT OF THE ENVIRONMENT

Recommendation: That the Board of Public Works approve new grant funding up to \$300,000 to Allegany County for the **Creek Road Water Distribution** project. The funding may involve multiple sources including GO bonds as the required 20% State Match to Federal Funds. (Legislative District 1C)

New Grant up to \$300,000 – Drinking Water State Revolving Loan Fund.

This funding is provided under the Drinking Water State Revolving Loan Fund program disadvantaged-community criteria. The grant conditions are enforceable should there be a programmatic default on the agreement.

Project Description: The proposed project involves the connection to the City of Cumberland's water supply system and the construction of 9,000 lf of water distribution lines to provide reliable water service and fire protection to approximately 50 homes. Existing homes are currently serviced by small galvanized distribution lines that are antiquated and have several major leaks. This system is currently maintained by the residents. This new system will be operated and maintained by Allegany County.

Project Funding Sources:

Drinking Water State Revolving Loan Fund Grant	\$ 300,000
USDA/Local Share	<u>\$ 815,000</u>
TOTAL ESTIMATED PROJECT COST:	\$1,115,000

Authority: Sections 9-1601 through 9-1622 of the Environment Article, Maryland Code, known as the Maryland Water Quality Financing Administration Act.

MDE has determined this project to be consistent with Maryland's Priority Places Strategy in accordance with Executive Order 01.01.2003.33. This project is consistent with State Clearinghouse comments and recommendations.

6. MARYLAND DEPARTMENT OF THE ENVIRONMENT

Recommendation: That the Board of Public Works approve new loan/loan forgiveness funding up to \$1,399,360 to Town of Lonaconing for the **Lonaconing Water Station Run and Potomac Hollow Waterline Ext.** project in Allegany County. Funding may involve multiple sources, including general obligation bond proceeds as the required 20% match to federal funds and other funds. (Legislative District 1A)

A. New Loan of \$699,680 (estimated) – Drinking Water State Revolving Loan Fund. Borrower will repay this loan over a period not to exceed 30 years following project completion, at an interest rate of 25% of the average of the Bond Buyer 11-Bond Index for the month preceding loan closing. Based on this formula, recent loan recipients have received a 0.70% interest rate. To secure this debt, Borrower will deliver its bond, along with its full faith and credit endorsement, to the Maryland Water Quality Financing Administration.

B. New Loan Forgiveness (up to) \$699,680 – Drinking Water State Revolving Loan Fund.

This funding is provided under the Drinking Water State Revolving Loan Fund Program disadvantaged-community criteria.

Project Description: - The proposed project will extend water service along Water Station Run Road and Bluebaugh Road to approximately 32 customers. Approximately 5,200 ft. of 6” waterline will be installed on Water Station Run and approximately 850 ft. of 2” waterline will be installed on Bluebaugh Road. Due to the installation of additional waterlines the need for a pump station is required. The station will have hydropneumatic bladder tanks and Variable Frequency Drive (VFD) pump control.

Project Funding Sources:

Drinking Water State Revolving Loan Fund	\$ 699,680
Drinking Water State Revolving Loan Fund Forgiveness	\$ 699,680
USDA/Local Share	<u>\$ 87,999</u>
TOTAL ESTIMATED PROJECT COST:	\$ 1,487,359

Authority: Sections 9-1601 through 9-1622 of the Environment Article, Maryland Code, known as the Maryland Water Quality Financing Administration Act.

MDE has determined that its recommendation is consistent with Maryland's Priority Places Strategy in accordance with Executive Order 01.01.2003.33, and State Clearinghouse comments and recommendations.

7. MARYLAND DEPARTMENT OF THE ENVIRONMENT

Recommendation: That the Board of Public Works approve new grant funding up to \$20,582,734 to Baltimore City for the **Patapsco Sewershed Sanitary Sewer Improvements, Herring Run Sewershed Sewer Improvements Basin HR07A, and Low Level Sewershed Sewer Improvements**. These projects are a continuation of Baltimore City's efforts to prevent sanitary sewer overflows as required by a Consent Decree initiated by the Maryland Department of the Environment and the U.S. Environmental Protection Agency. Baltimore City, Baltimore County and Anne Arundel County cost share some of these projects because they share the sewer infrastructure. Funding may involve multiple sources, including general obligation bond proceeds as the required 20% match to federal funds and other funds.

A. New Grant (up to) \$9,843,750– Patapsco Sewershed Sanitary Sewer Improvements (SC-903)

Project Description: The project entails the planning, design, and construction of improvements to the existing Baltimore City sanitary sewer infrastructure in the Patapsco Sewershed. This includes rehabilitation, repair and replacement of sanitary sewers and sanitary sewer manholes to prevent SSOs, reduce inflow and infiltration, address capacity problems and improve the overall condition of the aging sewer system. (Legislative District 46)

Project Funding Sources:

Water Quality State Revolving Loan Fund – Balto. City (previous Item 4/27/16)	\$ 2,924,660

8. BOARD OF PUBLIC WORKS
Small, Minority, and Women-Owned Businesses Account
Funded by Video Lottery Terminal Proceeds

Recommendation: That the Board of Public Works:

- Designate the Department of Housing and Community Development as a Fund Manager for the Small, Minority and Women-Owned Businesses Account;
- Grant DHCD \$2.5 million from the Small, Minority and Women-Owned Businesses Account; and
- Authorize DHCD to use the grant to provide ~~investment capital and~~ loans to small, minority, and women-owned Maryland businesses in Ellicott City, Howard County that were destroyed or damaged by the July 30, 2016 flood.

Authority: ANNOTATED CODE OF MARYLAND: §§ 9-1A-27, 9-1A-35, State Government Article; §§11-203(a)(2), 12-103, State Finance & Procurement Article.

Account: The General Assembly, when authorizing the operation of video lottery terminals owned or leased by the State, established and placed under the Board's authority a Small, Minority, and Women-Owned Businesses Account. The legislation directs the Comptroller to pay 1.5% of video-lottery-terminal proceeds at each video lottery facility to the Account.

The Board is to use the Account to make grants to eligible fund managers who will use the money to provide investment capital and loans to small, minority, and women-owned businesses in the State. The law defines an eligible fund manager as an entity that has significant financial or investment experience. DHCD has significant financial and investment experience, specifically including leading business and neighborhood recovery and revitalization efforts when local communities have been devastated.

Background: On July 31, 2016, Governor Hogan issued an Executive Order declaring a state of emergency in Howard County in response to severe thunderstorms that caused extensive damage to property and infrastructure in the central part of the State, including intense flooding in the historic town of Ellicott City. As part of the State's efforts to assist small, minority, and women-owned businesses to rebound from the catastrophe, it is recommended that the Board grant VLT proceeds to DHCD, who acting as fund manager, will disburse monies from the VLT Account in accordance with the statute.

*Hall of Records***

Contract ID: Emergency Switchgear Replacement
ADPICS NO.: 001B6400602; Project No. BA-495-160-003

Contract Type: Construction

Description: Replace failing electrical switchgear

Procurement Method: Emergency

Date Emergency Declared: February 5, 2016

Bids: Dvorak, LLC, Baltimore \$64,700

Award: Dvorak, LLC

Award Amount: \$64,700

Award Date: June 6, 2016

Term: 120 Calendar Days

MBE Participation: 0 %

Fund Source: H00 16 77051 01 1498

Remarks:

Nature of Emergency: The existing 13.2kv switchgear is no longer switchable: the bus bar is frozen in position, is excessively corroded, and is beyond its life expectancy. If there were a power cable failure or power fault, there is no way to switch the system off and then back which would result in a total loss of power to the building. The Hall of Records contains priceless artifacts that require temperature and humidity control; those artifacts could be compromised or damaged in a power failure.

**BOARD OF PUBLIC WORKS
SECRETARY'S ACTION AGENDA
APPENDIX
August 17, 2016**

**A1. DEPARTMENT OF GENERAL SERVICES (cont'd)
*Hall of Records***

Remarks: (cont'd)

Basis for Selection: Six firms were contacted; a pre-bid meeting was held on site. Only one contractor submitted a bid. The proposal was evaluated and the price was deemed reasonable because it was within the engineers' estimate (\$67,000). The single bidder was determined responsible and its bid responsive. The contractor was not able to provide Minority Business Enterprise subcontractor participation in this project.

A4. DEPARTMENT OF TRANSPORTATION

Contract ID: IBM Storage Unit

Contract Type: Information Technology

Description: Purchase XIV IBM Storage Unit to replace unit that failed.

Procurement Method: Emergency

Date Emergency Declared: May 30, 2016

Bids Received:	Bidder	Total Price	Capacity	Price per Unit
	<i>Cas Severn</i>	\$319,490	354TB	\$902/TB
	<i>HCGI</i>	\$226,998	216TB	\$1,051/TB
	<i>NetApp</i>	\$740,340	216TB	\$3,427/TB

Award: Cas Severn, Laurel, MD

Amount: \$319,490

Award Date: June 7, 2016

Term: 06/07/2016 – 07/31/2016

MBE Participation: 0%

Fund Source: Capital/Appropriation Code: A0103

Nature of Emergency: In May 2016, the air conditioning malfunctioned at Department of Transportation headquarters, in the server room. This failure rendered the data storage unit inoperable. The temperature sensors in the server room also failed meaning that no alert was sent to DOT personnel indicating high temperatures in the server room. Software running on equipment in the server room indicated trouble with the equipment and notified contractors remotely monitoring the system. When the contractors contacted DOT, the storage unit was already inoperable; however, the data contained on the storage unit was successfully transferred temporarily to a separate device. DOT was able to stabilize the system

**BOARD OF PUBLIC WORKS
SECRETARY'S ACTION AGENDA
APPENDIX
August 17, 2016**

A4. DEPARTMENT OF TRANSPORTATION (cont'd)

Basis for Selection: DOT solicited competitive bids for a new storage unit that would meet or exceed the capacity of the failed unit. Quotes were evaluated based on the cost per terabyte as different manufacturers' equipment have different storage capacities. Evaluating based on a price per unit of capacity allows for a fair evaluation amongst differing units. While it appears that the equipment provided by Cas Severn was not the lowest price, it is the lowest cost for storage per terabyte and therefore was selected as the lowest responsive and responsible evaluated cost. As this was a single element of work there is no MBE participation.

12A. PROGRAM OPEN SPACE STATE SHARE

Joseph E. Brown, \$260,000

Frederick County, POS #4942

Recommendation: That the Board of Public Works approve DNR acquiring a conservation easement to protect 117 +/- acres in Frederick County.

Description: The easement will allow DNR to limit development along the Catoctin Mountain Greenway in an area adjacent to Catoctin National Park. Protection of this entirely forested property will protect Forest Interior Dwelling Species and the Owens Creek Watershed. The property, located in a Targeted Ecological Area, scored 84 under the Program Open Space Targeting System.

Grantor: Joseph E. Brown

Grantee: The State of Maryland to the use of the Department of Natural Resources

Property: 117 +/- acres

Price: \$260,000

Appraisals: \$265,000 (11/22/15) – Bernard A. Page

13A. PROGRAM OPEN SPACE STATE SHARE
William F. Carper and Ralph B. Carper, \$305,000
Anne Arundel County, POS #4928

Recommendation: That the Board of Public Works approve the acquisition in fee simple of 7 +/- acres in Anne Arundel County.

Description: The property shares three boundary lines with Franklin Point State Park, and will be managed by the Maryland Park Service. The property, located in a Targeted Ecological Area, scored 61 under the Program Open Space Targeting System. Acquisition will improve boundary management.

Stabilization Funds: Stabilization funds are requested in the amount of \$30,500 to raze all structures. This is DNR's plan at the time of acquisition to dispose of the improvements (see Natural Resources Article, section 5-904(e)).

Grantor: William F. Carper and Ralph B. Carper

Grantee: The State of Maryland to the use of the Department of Natural Resources

Property: 7 +/- acres, improved

Price: \$305,000

Appraisals: \$360,000 (4/26/16) – Stephen H. Muller

14A. PROGRAM OPEN SPACE STATE SHARE

Richard Eugene Williams, \$113,000

Allegany County, POS #4998

Recommendation: That the Board of Public Works approve the acquisition in fee simple of 50 +/- acres in Allegany County.

Description: This property is adjacent to Dan's Mountain Wildlife Management Area and will be managed by the Maryland Wildlife & Heritage Service. Acquisition will provide a buffer for Forest Interior Dwelling Species and protect the headwaters of an unnamed tributary of the North Branch of the Potomac River. Expanded recreational opportunities for hunters will be available in addition to other wildlife dependent recreation. The property, located in a Targeted Ecological Area, scored 93 under the Program Open Space Targeting System.

Grantor: Richard Eugene Williams

Grantee: The State of Maryland to the use of the Department of Natural Resources

Property: 50 +/- acres, unimproved

Price: \$113,000

1-S. DEPARTMENT OF BUDGET AND MANAGEMENT
Fleet Management Office
Services Contract

Contract ID: Maintenance, Repair and Accident Management Program for State-Owned Vehicles; ADPICS # 050B6400003

Contract Description: Provide Statewide vehicle maintenance and repair services via a network of local vendors for State-owned cars, light trucks, vans and medium and heavy-duty trucks not covered by in-house maintenance and repair facilities. The contract also provides an accident management program to manage reporting and repair of all vehicle accidents and vandalism claims by participating State agencies.

Award: Element Vehicle Management Services
Sparks, MD

Term: 11/1/2016 – 10/31/2021

Amount: \$77,500,000 Est. (5 Years)

Procurement Method: Competitive Sealed Proposals

Proposals: One Acceptable Proposal Received

MBE Participation: 0% (See Requesting Agency Remarks)

Performance Security: None

Incumbent: Same

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on *eMaryland Marketplace*. Copies of the solicitation notice were sent directly to six prospective vendors, one of which are Maryland firms, and included no MBEs. A copy was also sent to the Governor's Office of Minority Affairs.

Three proposals were received in response to the RFP. One proposal was received late and was rejected per COMAR 21.05.03.02(F). Two proposals were evaluated; however, one was determined not to be reasonably susceptible of being selected for award and was eliminated from further consideration. The remaining proposal from the incumbent was determined to be reasonably susceptible of being selected for award. In addition, the offeror was determined to be responsible; the financial offer was considered fair and reasonable, and it was determined that other potential offerors had a reasonable opportunity to respond to the solicitation.

**Supplement B
Department of Budget And Management
ACTION AGENDA
August 17, 2016**

1-S. DEPARTMENT OF BUDGET AND MANAGEMENT (cont'd)

This contract will provide access to a repair and maintenance service network of national and local Maryland vendors for servicing State-owned cars, light trucks, vans and medium and heavy-duty trucks. It also provides for an accident management program to manage reporting and repair of all vehicle accidents and vandalism claims by participating State agencies. Since Element is the incumbent for the Fleet Services Contract, no transition period will be necessary.

The State owns approximately 8,700 vehicles; of this number, approximately 6,200 currently participate in the maintenance program. The approximately 2,500 remaining vehicles are maintained using State-owned repair facilities.

The Award Amount is estimated based upon approximately \$75M covering the reimbursements for the actual cost of maintenance and repairs to State vehicles by participating facilities and the estimated administrative fees of \$2.5M. The financial offer was based upon a model in the RFP for evaluation purposes for a five-year period for administrative fees. The contractor will be paid a fixed per-vehicle, per-month fee for vehicle maintenance and fixed-incident fees for towing and accident occurrences.

No MBE or VSBE participation goals were established for this contract based upon the limited subcontracting opportunities and the determination that there were no available MBEs or VSBEs to provide these services that are part of a unique, highly specialized industry that consists of only a few national firms.

2-S. MARYLAND DEPARTMENT OF TRANSPORTATION
State Highway Administration/Office of Planning &Preliminary Engineering (OPPE)
Services Contract

Contract ID: Transportation Innovation Services, Statewide; OPPE 2013-01;
ADPICS # J02B7400003

Contract Description: Provide the State Highway Administration’s (SHA) Office of Planning and Preliminary Engineering (OPPE) a set of resources that will support innovative planning activities as SHA shifts its primary focus from highway construction to preservation of the built network utilizing innovative transportation analysis capabilities.

Award: Rummel, Klepper & Kahl, LLP/
High Street Consulting Group, LLC Joint Venture
Baltimore, MD

Term: 9/8/2016 – 9/7/2020 (w/1 one-year renewal option)

Amount: \$5,942,720 (4 Years, Base Contract)
\$1,485,680 (1 Year, Renewal Option)
\$7,428,400 Total (5 Years)

Procurement Method: Competitive Sealed Proposals

Proposals: See page 5B

MBE/DBE Participation: 29%

Performance Security: None

Incumbent: None

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on *eMaryland Marketplace*. Copies of the solicitation notice were sent directly to eight prospective vendors, all of which are Maryland firms, and included no MBEs.

Supplement B
Department of Budget And Management
ACTION AGENDA
August 17, 2016

2-S. MARYLAND DEPARTMENT OF TRANSPORTATION (cont'd)

A total of six proposals were received in response to the RFP. All proposals were determined to be reasonably susceptible of being selected for award. Rummel, Klepper & Kahl, LLP/High Street Consulting Group, LLC/Joint Venture (RK&K/HSCG/JV) was ranked #1 overall with the highest ranked technical offer and second lowest price. The lowest price offeror was ranked lowest (6th) technically, and the technical differences outweigh the \$1M difference in price. Therefore, RK&K/HSCG/JV was determined to have the most advantageous offer to the State, and is recommended for award.

This contract will make available to OPPE resources to meet its expanded leadership role in the MAP-21 and the FAST Federal Transportation Acts. OPPE is the “lead” SHA division for implementing Federal and State initiatives and innovations to streamline and accelerate highway project development and meeting MAP-21 legislative provisions. The services provided through this contact will assist OPPE staff with peak load assignments and provide technical support on a case-by-case basis to supplement SHA staff. The services are broken down into the following seven categories: (1) Trends and Issues Analysis for Consolidated Transportation Plan; (2) Alternative Capital Funding Analysis; (3) Strategic Planning; (4) Asset Management; (5) Climate Change; (6) Public Involvement, and (7) Regional and Intermodal Planning.

This contract will enable OPPE to better support SHA’s responsibility to preserve the built network by utilizing innovative transportation analysis capability that informs SHA immediate and long-term decisions and allow MDOT to meet the new federal requirements, which are a requirement to ensure that Maryland retains its appropriate share of federal funding.

3-S. MARYLAND DEPARTMENT OF TRANSPORTATION (cont'd)

MBE Participation: 20% MBE Subcontracting Goal
 [One Prime Contractor is certified MBE/SBE]

Performance Security: None

Hiring Agreement Eligible: Yes

Incumbent: None

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on *eMaryland Marketplace*. Copies of the solicitation notice were sent directly to 26 prospective vendors, 21 of which are Maryland firms, and included no MBEs. A copy was also sent to the Governor's Office of Minority Affairs.

Four proposals were received in response to the RFP. All proposals were determined to be reasonable susceptible of being selected for award. Parsons Brinkerhoff, Inc. (PBI) was ranked #1 overall with the second highest ranked technical proposal and the second lowest price. The technical differences between PBI and the #1 ranked technical offeror did not outweigh the higher price proposed by the #1 technical offeror. However, the technical differences between PBI and the lowest priced offeror, Momentum, Inc., did outweigh the difference in price. Therefore, PBI was deemed to have the most advantageous offer for the State and is recommended for award as the primary contractor. Momentum, Inc. was ranked #2 overall with the lowest price and the fourth ranked technical proposal. Even though Momentum's technical proposal was ranked lowest, its lowest price by \$2M was determined to outweigh the two highest priced offerors, ranked first and third technically. Therefore, Momentum, Inc. was determined to have the second most advantageous offer for the State and is recommended for award as the secondary contractor.

The primary contractor will have the first right of refusal for all tasks issued under this contract. If the primary contractor cannot complete a task, the secondary contractor will be given the task. There is no guaranteed maximum or minimum amount of work to be performed under this contract.

A 20% MBE participation goal and a 0.5% VSBE participation goal were established for this contract based upon the limited subcontracting opportunities available. The secondary contractor, Momentum, Inc., is a certified MBE and SBE.

4-S. DEPARTMENT OF PUBLIC SAFETY AND CORRECTIONAL SERVICES
Division of Parole and Probation
Services Contract

Contract ID: Sexual Offender Treatment Services; ADPICS #: see page 11B

Contract Description: Provide specialized psychotherapeutic services to sexual offenders in 23 identified jurisdictions for the State of Maryland.

Awards:	See page 11B
Term:	9/1/2016 – 7/31/2021
Amount:	\$3,101,990 (5 Years)
Procurement Method:	Competitive Sealed Bidding
Bids:	See page 12B
MBE Participation:	None (Single Element of Work)
Performance Security:	None
Incumbents:	See page 11B

Requesting Agency Remarks: A notice of the availability of the Invitation for Bids (IFB) was advertised on *eMaryland Marketplace*. Copies of the solicitation notice were sent directly to 76 prospective vendors, 50 of which are Maryland firms, and included 22 MBEs. A copy was also sent to the Governor’s Office of Minority Affairs.

Ten bidders submitted 31 bids in response to the IFB; of which, 24 bids from eight bidders were determined to be responsive. Ten jurisdictions received only one bid. The recommended contractors are responsible, and their bids meet the technical requirements set forth in the IFB. Moreover, the prices have been deemed fair and reasonable, and it was determined that other prospective bidders had a reasonable opportunity to respond to the solicitation. Six jurisdictions received no bids: Allegany, Charles, Garrett, Queen Anne’s, Saint Mary’s, and Worcester Counties. A new procurement will be conducted for these jurisdictions.

4-S. DEPT. OF PUBLIC SAFETY AND CORRECTIONAL SERVICES (cont'd)

Through these seventeen contracts, the Department will provide specialized psychotherapeutic services and supervision of sexual offender inmates throughout the State of Maryland. Specialized sexual offender assessment and treatment are essential elements of the containment approach to sexual offender management and will enable parole and probation agents to develop more appropriate supervision plans and implement more effective supervision strategies.

The treatment providers working for the programs covered by the contracts will have to meet educational and clinical experience requirements. They will provide services and notifications within time frames established by the Division of Parole and Probation (DPP), and will provide specialized treatment in accordance with the requirements of the IFB.

Department of Budget And Management
ACTION AGENDA
August 17, 2016**

5-S. DEPARTMENT OF JUVENILE SERVICES (cont'd)

Two proposals were received in response to the RFP. Both were determined to be reasonably susceptible of being selected for award. Correct Rx Pharmacy Services, Inc. was ranked overall #1 with the highest ranked technical proposal and the lowest price. Therefore, award is recommended to Correct Rx Pharmacy Services, Inc. as having the most advantageous offer to the State.

The Maryland Department of Juvenile Services (DJS) provides individualized care and treatment to youth who are alleged or adjudicated offenders and are supervised in the community. As such, DJS utilizes a continuum of services and treatment for juveniles with expanded community based focus. Confinement or placement within a DJS facility allows the Department the opportunity to screen, assess, treat, and/or refer youth for somatic and mental health problems.

By providing optimal health care to DJS youth, DJS strives to maximize each youth’s potential for success. Many of the youth entering the Department’s residential facilities have a common background of family dysfunction and a lack of adequate health and dental care. They often enter DJS facilities with poor health and neglected medical, dental, and mental health problems.

The Contractor will provide pharmaceutical services for male and female youth ages nine to 21 that are alleged or adjudicated offenders and housed at nine DJS operated facilities across the State: Alfred D. Noyes Children’s Center; Baltimore City Juvenile Justice Center; Charles H. Hickey, Jr. School; Cheltenham Youth Facility; J. DeWeese Carter Center; Lower Eastern Shore Children’s Center; Thomas J.S. Waxter Children’s Center; Victor Cullen Center; and the Western Maryland Children’s Center.

A 10% MBE and no VSBE participation goals were established for this contract based upon the limited subcontracting opportunities. However, the recommended awardee has committed to 15% MBE participation.

1-C-BP. UNIVERSITY OF MARYLAND, BALTIMORE
Third Phase of Health Sciences Facility
Construction Management at Risk
Bid Package 9 of 11

Contract ID: Construction Management at Risk Services for Third Phase of Health Sciences Facility at University of Maryland, RFP #11385 BS

Recommendation: The University recommends award of construction Bid Package 9 of 11 which includes site earthwork, landscaping, site masonry and site concrete, bonds and insurance. [Two additional bid packages are anticipated: Bid Package 10 will be for the generator duck bank work and Bid Package 11 will be to install generators and switchgear and connect the generators to HSF III for standby power.]

Contractor: Barton Malow Company, Baltimore, MD

Original Approval: USM 1-C (10/3/2012)

Project: The new 331,969 gross square feet Health Sciences Facility III will be occupied by the University of Maryland Schools of Medicine, Dentistry and Pharmacy. The structure will house laboratory space to be allocated to the schools to address space deficiencies while replacing sub-standard research space in older buildings and expanding research activities for the schools. The building will be located among the existing facilities of the three schools allowing for maximum sharing of resources and interactions between the three schools. Similar to Health Sciences Facilities I and II, Health Sciences Facility III is critical to the continuing growth in research activity and funding at the University. This directly relates to the school's ability to maintain and advance as academic and research leaders as well as recruit and retain the best faculty, students and staff and to advance health care and discoveries for Maryland's citizens.

The Board of Public Works previously approved awarding a Construction Management at Risk contract to Barton Malow Company for professional management and pre-construction services. The University anticipates that it will present to the Board eleven bid packages to be awarded to CMR, Barton Malow, during the construction phase.

The University anticipates the final value of this CMR contract will be approximately \$248.6 million.

The overall project estimate is \$305 million, which includes design, construction and equipment.

*Third Phase of Health Sciences Facility
Construction Management at Risk
Bid Package 9 of 11***

This Bid Package Amount: \$3,551,327

***Amount Pre-Construction;
Bid Packages 1-8;
USM Authorized Changes:*** \$ 223,153,090

Revised Amount: \$ 226,704,417

Contract Term: 60 months from pre-construction notice-to-proceed

Fund Source: MCCBL 2016: Provide funds to continue construction and equip a new research facility at the University of Maryland, Baltimore, provided that notwithstanding Section 6 of this Act, work may commence on this project prior to the appropriation of all funds necessary to complete this project. Item 158.

MBE Participation: 30%
Subgoals of: 7% African American
4% Asian American

MBE Compliance: 32.44%
Subgoals of: 14.85% African American
6.93% Asian American

Performance Security: 100% performance bond is required.

Requesting Institution Remarks: The Construction Management at Risk contract was initially awarded for pre-construction, early in the design phase. As design progresses and design information becomes available, the contractor sequentially and competitively bids construction packages. This is the ninth bid package; two additional bid package are anticipated. This Bid Package MBE participation is 77%.

4-AE. UNIVERSITY OF MARYLAND, COLLEGE PARK for the
SOUTHERN MARYLAND HIGHER EDUCATION CENTER
Architectural/Engineering Services Contract

Contract ID: Architectural and Engineering Design Services, RFP# 84945-F

Project: The project consists of a new 83,005 GSF/50,633 NASF Classroom and Engineering Building at the Southern Maryland Higher Education Center in California, St. Mary's County. The project includes related site and utility improvements, storm water management, pedestrian circulation, landscaping, and service access. The building will be constructed on a wooded site to the south of the existing campus buildings. The building will include general instructional classrooms, engineering classroom labs, research labs, faculty and staff offices, an assembly area, and support spaces. The project will provide research, technology transfer, and commercialization space and bring together the business community, academics, and researchers to enhance economic activity by providing academic, research and support facilities.

Contract Description: Complete design and construction administration services for the Southern Maryland Higher Education Center project.

Award: Cooper Carry, Inc., Atlanta, GA

Term: 73 months from design start through post construction warranty

Amount: \$6,519,206

Funding: Institutional Funds \$508,206

MCCBL of 2013: *Provide funds to design a third building on the Southern Maryland Higher Education Center (SMHEC) campus to provide academic, laboratory, and business incubator facility space, provided that no funds may be expended until the Southern Maryland Higher Education Council submits a report assessing the educational needs of southern Maryland. Further provided that SMHEC, the University of System of Maryland, and the Southern Maryland Navy Alliance shall submit a formal agreement including the roles and responsibilities of each in the design and funding for the construction, and the associated operating costs, of the facility. The budget committees shall have 45 days to review and comment on the submitted reports.* Item 054 \$1,500,000

MCCBL of 2014: *Provide funds to design a third building on the Southern Maryland Higher Education Center campus to provide academic, research laboratory, and business incubator facility space.* Item #074 \$1,000,000

MCCBL of 2015: *Provide funds to design and construct a third building on the Southern Maryland Higher Education Center campus to provide academic and research laboratory space.*
 Item #149 \$450,000

MCCBL of 2016: *Provide funds to continue design of a third building on the Southern Maryland Higher Education Center Campus to provide academic and research laboratory space.* Item #161 \$3,061,000

Procurement Method: USM Procurement Policies and Procedures for Architecture and Engineering Services

Proposals:

Short-Listed Firms	Ranking
Cooper Carry	1
SmithGroup	2
Ellenzweig/GWWO	3
HDR	4
Stantec/Pei Cobb Freed	5

MBE Participation: 25% Overall
 Subgoals: 6% African American
 2% Hispanic American
 9% Women Owned

Performance Security: N/A

Requesting Institution Remarks: The solicitation was advertised in *eMaryland Marketplace*. The University received fourteen portfolio submissions. Seven firms were short-listed based on review of the portfolios and invited to submit technical proposals. Six of the short-listed firms submitted timely technical proposals; one technical proposal was not accepted because it was received after the deadline. Of the six timely proposals, one firm was deemed to be not susceptible for award. Five firms were determined to be technically acceptable and invited to participate in oral presentations. After the oral presentations, the Qualification Committee ranked the five short-listed firms.

4-AE. UNIVERSITY OF MARYLAND, COLLEGE PARK (cont'd)
Architectural/Engineering Services Contract

Requesting Institution Remarks: (cont'd)

Cooper Carry presented the strongest team. Their team is well qualified and experienced in projects of this nature. The team presented an excellent design approach, which integrates the site into the design. All key personnel have strong experience with similar type of projects as the proposed project, and working in a higher education environment. The example projects presented were all similar in type and very attractive architecturally. Local consultants have previous experience working together and on similar projects.

1-IT. DEPARTMENT OF HOUSING & COMMUNITY DEVELOPMENT

Contract ID: Hancock Software Maintenance and Enhancement Agreement
 ADPICS BPO No.: S00B7400002

Contract Description: Software maintenance and enhancement services to support DHCD's Weatherization Assistance Program and EmPower Maryland energy programs.

Award: Hancock Software, Inc., Framingham, MA

Term: 9/8/2016* – 9/7/2017 (one year)
 (*or earlier upon Board approval)

Amount: \$787,850

Procurement Method: Sole Source

MBE Participation: None

Remarks: This contract is for continuing maintenance of the current Hancock software system and for future enhancements if requested by DHCD.

In 2009, DHCD acquired a commercial weatherization and energy efficiency software product developed by Hancock Software, Inc. The software system supports DHCD's Weatherization Assistance Program and EmPower Maryland energy programs which both require case management and auditing. Hancock products are proprietary for which Hancock Software, Inc., holds the source code and owns the intellectual property rights. Hancock Software is the only contractor capable of providing maintenance, helpdesk support, and enhancements to the software applications.

Enhancements will be developed in the Hancock software to facilitate changes to both federally and utility-funded programs that are administered through the software. These enhancements include case management and automation for the Multifamily Energy Efficiency and Housing Affordability (EmPower) Program, process improvements for the Low Income Energy Efficiency Program, and new energy models for use in the Weatherization Assistance Program.

The DHCD Procurement Review Group determined that due to the proprietary nature of the Hancock software, there is no MBE participation for this contract.

2-IT. DEPARTMENT OF HOUSING & COMMUNITY DEVELOPMENT

Contract ID: IntelliGrants Software Implementation and Customization Agreement
ADPICS BPO No.: S00B7400001

Contract Description: Provide workflow configuration for DHCD's State and federally-funded community development and revitalization programs.

Award: Agate Software, Inc., Okemos, MI

Term: 8/18/2016 – 2/18/2018 (18 months)

Amount: \$438,375

Procurement Method: Sole Source

MBE Participation: None

Remarks: In 2013, DHCD procured a commercial, grant management software product via the COTS master contract. The procured software product is called IntelliGrants and was developed by Agate Software. Agate's IntelliGrants product is a highly adaptable, platform that allows program-specific workflows to be developed for the intake of applications, review of applications and awarding of funds, fund disbursement and program management.

DHCD's procurement of IntelliGrants targeted the development and implementation of workflows for the State-funded Community Legacy program. DHCD needs to continue the development of similar program workflows that began in 2014, for the remainder of its State- and federally-funded community development and revitalization programs, so that DHCD can use IntelliGrants as its comprehensive management system for all community development and revitalization programs.

IntelliGrants is a mature product, in use by numerous state governments and nonprofit organizations. Agate has been selling and supporting IntelliGrants product since 1997. Annual maintenance and help desk support is provided through DoIT's statewide COTS contract. However, because the IntelliGrants software is proprietary and the intellectual property of Agate Software, it is the only vendor capable of developing the discrete workflows for DHCD's various community development and revitalization programs.

Contract ID: Statewide Personnel System (SPS) Project
Change Management SME: Ngozi Pole
ADPICS BPO No.: F50B7400003

Contract Description: RETROACTIVE. Contract to continue project support services for the SPS project.

Award: SK Net, LLC, Potomac, MD
Term: 6/1/2016 – 8/31/2016 (three months)
Amount: \$68,952
Procurement Method: Sole Source
MBE Participation: None

Remarks: DoIT is seeking approval of this retroactive three month contract in order to continue the contractual relationship with SK Net, LLC, to supply a Change Management Subject Matter Expert (“SME”). The resource currently fulfilling this role was procured through a competitive procurement under a task order through the SPS Resources Master Contract.

...

Regarding price fairness, the hourly rate for the retroactive sole source contract is the same as under the expired agreement. Given the fair pricing and the candidate’s knowledge, continuation of the resource is in the State’s best interest.

Recommend retroactive approval because the requirements of Section 11-204(c), State Finance & Procurement Article, Annotated Code of Maryland are met.

5-IT. DEPARTMENT OF LABOR, LICENSING & REGULATION

Contract ID: Detection of Incarcerated Individuals Continuously Collecting
 Unemployment Insurance Benefits - MDP0031025446
 ADPICS BPO No.: P00B7400001

Contract Description: Obtain information from detention centers throughout the country for cross-matching individuals collecting unemployment insurance to those held in jail for more than three days within a benefit period.

Award: Appriss, Inc., Louisville, KY

Term: 10/1/2016* – 9/30/2017 (w/ four 1-year renewal options)
 (* or earlier upon Board approval)

Amount: \$116,000 (one year base)
 \$ 98,400 (1st option year)
 \$100,860 (2nd option year)
 \$103,382 (3rd option year)
\$105,966 (4th option year)
 \$524,608 (five year total)

Procurement Method: Competitive Sealed Proposals

Proposals:

Ranking				
Offerors	Technical Ranking	Financial Ranking	Overall Ranking	Evaluated Price
Appriss, Inc.	1	1	1	\$524,607
Elder Research, Inc.	2	2	2	\$6,194,020

MBE Participation: None

**Supplement D
Department of Information Technology
ACTION AGENDA
August 17, 2016**

5-IT. DEPARTMENT OF LABOR, LICENSING & REGULATION

Remarks: A notice of the availability of the Request for Proposals was advertised on *eMaryland Marketplace*. Copies of the solicitation notice were sent directly to 16 prospective vendors. Two proposals were received. Both were determined to be reasonably susceptible of being selected for award. Appriss was ranked #1 overall with the higher-ranked technical proposal with the lower price. It was determined that Appriss illustrated a comprehensive understanding of the subject matter, including a sufficient detailed explanation of how the cross-matching service work will be conducted along with their overall experience in offering this service as an industry leader to a multitude of municipalities nationally compared to Elder Research entering into this market. Presentations, subsequent reference checks and BAFOs were completed and the award is recommended to Appriss, Inc.

There is a substantial difference in price from the two offerors. Elder Research Inc. has not provided or performed this type of service for any state workforce agency in the past. DLLR would be Elder Research’s first contract providing this type of service for a state workforce agency. All of its references were unrelated to unemployment insurance or identifying and preventing overpayments of incarcerated claimants.

No MBE participation goal was established to ensure a sufficient pool of bidders that can satisfy the needs of cross-matching services.

This program will allow DLLR to expand the data received of incarcerated individuals nationwide and prevent payments to claimants who are incarcerated deeming them ineligible for UI benefits.

6-IT-MOD. DEPARTMENT OF INFORMATION TECHNOLOGY (cont'd)

Original Contract Amount: \$50,000,000
Modification Amount: \$0
Original Procurement Method: Competitive Sealed Proposals
MBE Participation: 20%
MBE Compliance: 21.11%

Remarks: This no-cost modification extends the Master Contract term by three and a half months to allow sufficient time to complete two to four task orders.

This five-year cable and wiring services contract expires in October 2016. A new cable and wiring services procurement is in progress with an expected award date in late 2016.

Maryland is deploying a Statewide interoperable radio system. To meet the radio system’s schedule, the State must complete the installation of fiber optic cable segments in western Maryland by the end of 2016 (before the advent of inclement winter weather in the region). The segments to be installed require work under the current cable and wiring master contract to begin in late summer and continue into late fall 2016, past the expiration date of the master contract.

7-IT-MOD. DEPARTMENT OF INFORMATION TECHNOLOGY (cont'd)

Remarks: This Master Contract provides agencies access to an extensive variety of consulting and technical services. Since 2013, State agencies have used this Master Contract to obtain IT resources quickly and efficiently. This contract is also available to local and county government jurisdictions.

DoIT seeks to add funds to the contract because the State's total expenditures are anticipated to reach the contract ceiling amount. State agencies frequently use the contract vehicle to make critical purchases. To avoid exhausting the contract amount, DoIT requests this fund increase to cover purchases through March 2017.

DoIT initially intended to submit the three-year expansion window to the Board in April 2016. Despite the fact, the contract has been in place for three years, DoIT did not believe there was wide-spread awareness of the CATS+ contract. To ensure the expansion window was widely known, DoIT held several, one-day, industry/vendor days. The events were attended with over 300 representatives from about 200 companies. In addition, representatives had the opportunity to meet with DoIT technical subject matter experts as well as business-to-business networking, dialogue with procurement and assistance with the MBE process. Following the last vendor day, DoIT released the CATS+ expansion window on June 30, 2016 and proposals are due August 26, 2016. Once the evaluation is complete, DoIT anticipates submitting an Item to the Board of Public Works by March 2017, requesting the addition of new Master Contractors and an increase to the contract ceiling for the next three-years of estimated purchases.

8-IT-MOD. MARYLAND PUBLIC TELEVISION

Contract ID: Master Control Outsourcing
ADPICS BPO No.: R15B5400127, COG74789

Contract Approved: DoIT Item 4-IT (4/15/2015)

Contractor: Sony Electronics, Inc., Park Ridge, NJ

Contract Description: Provide master control operations for MPT as an outsourced central-casting environment for three program streams; includes monitoring transmitters and other transmission functions.

Modification Description: Provide master control operations for a fourth stream (channel).

Original Contract Term: 5/1/2015 – 7/31/2020

Modification Term: 10/1/2016 – 7/31/2020

Original Amount: \$900,000

Modification Amount: \$115,000

Revised Total Contract Amount: \$1,015,000

Percent +/- (This Modification): +12.78%

Original Procurement Method: Competitive Sealed Proposals

MBE Participation: None

Remarks: This modification adds a fourth stream (channel) to the three channels to provide additional programming. MPT now has the technology and agreements with the major cable companies to carry four program services. MPT's Content and Programming Departments propose to use this new resource to bring more programming choices to viewers. MPT has a Master Control contractor that is the sole entity providing these services to MPT. It is not practical for MPT to competitively procure another vendor for the same services as this would interfere with the current vendor's contract and cause ownership, equipment, and maintenance problems.

9-IT-MOD. DEPARTMENT OF TRANSPORTATION
Maryland Transit Administration

Contract ID: Software Maintenance Support & Professional Services
AGY-15-030-IT; ADPICS BPO No.: J05B5400044, COG87665

Contract Approved: DoIT Item 3-IT (6/23/2015)

Contractor: Cubic Transportation Systems, Inc., Tullahoma, TN

Contract Description: Provide software maintenance and technical support for the proprietary operational software of MTA's Automatic Fare Collection System; provide professional services to support changes to the NextFare proprietary software, improvements to the system to respond to business needs or advancements in technology, and technical support for the configuration of hardware upgrades.

Modification Description: Professional services to perform major upgrade of the Automatic Fare Collection System software and migrate to stand-alone, self-sustaining system with cloud hosted back end. Project includes upgrading software, providing an integrated customer web portal, and separating from the Washington Metropolitan Area Transit Authority regional fare collection system.

Original Contract Term: 6/18/2015 – 6/17/2020

Modification Term: 8/18/2016 – 6/17/2020

Original Amount: \$3,468,291

Modification Amount: \$4,881,244

Revised Total Contract Amount: \$8,349,535

Percent Change: +140.74%

Original Procurement Method: Sole Source

ACTION AGENDA
August 17, 2016

9-IT-MOD. DEPARTMENT OF TRANSPORTATION (cont'd)
Maryland Transit Administration

Remarks: The MTA Automatic Fare Collection System (AFCS) uses the proprietary Cubic NextFare 4.0 operating system. The MTA system has historically relied on the Washington Metropolitan Area Transit Authority (WMATA) to provide back-end services such as a customer web portal, credit/debit card processing, autoloading, card hot-listing, Compact Point of Sale device management, and customer service. In addition, MTA does not accept any of the pass products offered by regional partners and regional partners do not accept any of MTA's pass products; only a few riders use stored value for riding on both MTA and regional systems. Separation from WMATA will allow MTA to upgrade to the latest software version and set the foundation for acceptance of new payment methods such as mobile phones and use of credit cards on buses. This will reduce onboard cash payments, resulting in faster boarding times and improved on-time performance. Also, the new software will allow MTA to monitor fare collection equipment out-of-service conditions so that repairs can be made quickly for improved customer service.

The MTA seeks to modify its software maintenance and professional services contract with Cubic Transportation Systems to procure a major AFCS software upgrade and migration to a stand-alone cloud-based system. This will allow MTA to be self-sufficient for all fare collection operations and will lay the foundation for a longer and more significant return on infrastructure investment without wholesale replacement of the AFCS. The cloud platform will replace the key regional functionality currently provided by WMATA, and will provide the following enhanced features; a PCI compliant payment application for processing credit and debit transactions; support of enhanced fare policy; enhanced reporting and analytics; a customer web portal for account management; and a graphical user interface that allows MTA staff to administer the MTA fare policy.

The upgraded and refreshed AFCS infrastructure will have better expandability and supportability extending both the lifecycle and the functionality of the environment. Cubic shall upgrade the AFCS software from NextFare 4.0 to NextFare 7.0, and shall enhance the MTA CharmCard system by overlaying a cloud-based architecture on the existing field infrastructure to replace the features and functionality currently provided by the regional system today.

MTA finds the proposed labor hours to be commensurate with scope of work for the task being completed under this modification. The price equates to a 42% discount as compared to Cubic's authorized average hourly rates under this contract. Therefore, MTA concludes that the proposed price is fair and reasonable, and it is in the best interest of the State of Maryland to move forward with this modification.

10-IT-MOD. STATE BOARD OF ELECTIONS (*cont'd*)

Remarks: The equipment under this contract is for use by the State Board of Elections and local boards of elections. The ExpressPoll 5000 units and printers are used for voter registration during early the early voting period, address changes, and to ensure voters are checked in at polling sites.

This request from local board of elections is the result of an anticipated increase in the number of registered voters in Maryland for this election, as well as the introduction of same-day registration and address changes during the early voting period (which process uses the ExpressPoll 5000 units).

Fourteen local boards of elections (Anne Arundel, Baltimore, Carroll, Cecil, Charles, Dorchester, Frederick, Garrett, Kent, Prince George's, Queen Anne's, St. Mary's, Washington, and Wicomico Counties) requested the additional equipment.

Electronic pollbooks are the networked tablet devices used by election judges to check in voters during early voting and on Election Day; these devices have been used in Maryland since 2006. Additional pollbooks are needed because of increased voter registration and the implementation

This procurement is a sole source due to the proprietary nature of the equipment and software. ES&S is the only manufacturer of this product, and the accompanying software is proprietary. ES&S does not permit any other company to distribute the pollbook or license the software. SBE's previous electronic pollbook procurements in 2011 and 2013 were also sole source procurements.

11-IT-MOD. STATE BOARD OF ELECTIONS

Contract ID: Voting System Solution
ADPICS BPO No.: D38B4400019, COG80198

Contract Approved: DoIT Item 7-IT (12/17/2014)

Contractor: Elections Systems and Software, LLC, Chicago, IL
(Local office in Bowie, MD)

Contract Description: Acquire new Statewide voting system: primarily for necessary hardware as well as services such as equipment repair and maintenance. The voting system solution will produce a voter-verifiable paper record of each voter's selections. Under the contract, the State leases the required hardware and software.

Modification Description:

- Lease for 2016 General Election additional voting equipment for 19 local boards of elections and
- Lease for the term of the contract some ancillary equipment for several local boards of elections. Quantities of equipment increased: DS200 Precinct Tabulators (includes ballot boxes), ballot transfer bins, and 4GB and 8GB flash drives.

Original Contract Term: 1/1/2015 – 3/31/2017 (Base)
4/1/2017 – 3/31/2019 (Option 1)
4/1/2019 – 3/31/2021 (Option 2)

Modification Term: 9/8/2016 – 12/31/2016

Original Contract Amount: \$28,142,662

Modification Amount: \$ 525,505

Prior Mods/Options: \$ 1,113,691 (See Page 32D)

11-IT-MOD. STATE BOARD OF ELECTIONS (cont'd)

Original Procurement Method: Competitive Sealed Proposals

MBE Participation: None

Remarks: The local boards of elections requested additional equipment to control and reduce wait times for voters waiting to cast their voted ballots. Frederick County requires additional equipment to support an added early voting center. The Frederick County Board of Elections added an early voting center for the 2016 General Election. Without it, the Frederick County Board of Elections would need to reallocate equipment from other sites, which would lead to increased lines at the other voting centers due to lack of the proper amount of equipment. The remaining 18 counties requested additional voting equipment covered by this contract in anticipation of high voter turnout for the upcoming general election and to avoid lengthy lines.

11-IT-MOD. STATE BOARD OF ELECTIONS (cont'd)

PRIOR MODIFICATIONS

Mod	Date	Description	Value
1	(DoIT Item 3-IT-MOD [8/5/2015])	Allowed SBE to take advantage of newer model equipment, adjusted quantities of voting system equipment (e.g. tabulating units, ballot marking devices, printers, and removable USB memory drives), made the State's acceptance process more efficient with less deliveries (with more equipment per delivery), added ballot transfer bins to the lease agreement, selected ES&S' soft carrying case and stand-alone voting booths, and removed costs associated with the modems in the tabulating units from the contract amount.	\$987,033
2	9/17/ 2015 (DoIT Item 6-IT-MOD [10/7/2015])	Provided sufficient additional equipment to tabulate unofficial results from approximately 1,800 polling places and the 24 local boards of election on election night. This will support the ability for SBE to provide timely Statewide and local results on election night. It also ensured that the system remained certified in accordance with Federal and State standards.	\$97,125
3	9/30/2015	Allowed SBE to utilize ES&S' election night results system at no additional cost.	\$0
4	10/20/2015	Provided four additional ES&S Field Technicians for the mock election. The service technicians provided technical in-person support for ElectionWare, EXP Utility support, and basic troubleshooting of equipment.	\$6,300
5	1/5/2016	Provided for ES&S to deliver ballot transfer bins, ExpressVote hard and soft cases, and ADA tables from SBE's central warehouse to the 24 locations designated by the local boards of elections, and for ES&S to install the ExpressVote units in the hard cases with TSx legs for early voting.	\$0
6	3/24/2016	Added rented voting system equipment necessary for the 10 th voting site approved by the General Assembly for the 2016 election cycle, field support (electronic pollbook subject matter expert for two days of early voting and four Tier 3 electionware/DS200/ExpressVote subject matter experts for election day at SBE and three local boards of election), and the purchase of 35 additional thumb drives (10 for Montgomery County and 25 for PG County).	\$23,233.40
7	6/7/ 2016	Amended the contract to designate Senior Project Manager, Functional Project Manager, Subject Matter Expert, and Trainer as "Key Personnel", defines duties, and removes the individual weekly status report requirement for ES&S "Key Personnel."	\$0
TOTAL			\$1,113,691.40

12-IT. STATE BOARD OF ELECTIONS

Contract ID: ES&S EZ Roster Software License and Development Hours for ePollbooks
ADPICS BPO No.: D38B6400015

Contract Description: Provide EZ Roster software license and up to 500 custom development hours for 6,900 electronic poll books used Statewide.

Award: Election Systems and Software, Chicago, IL
(Local office in Bowie, MD)

Term: 9/8/2016* – 9/7/2017 (one year) (*or earlier upon Board approval)

Amount: \$405,363

Procurement Method: Sole Source

MBE Participation: None

Remarks: The license and development hours are necessary for the usage and maintenance of the State's ePollbook inventory as well as conducting the 2016 General Election. The custom development services are for Maryland specific development of the EZ Roster software. **The EZ Roster license functions similarly to the operating system software for a computer; it enables the ExpressPoll 5000 hardware units to be used as intended to check in voters at the voting locations, as well as register voters and make address changes during early voting.** The software is proprietary and there would be no opportunity for a MBE subcontractor to supply the license required. This procurement is for the ongoing licensing of a software product that SBE has already installed throughout the State, and no other vendor has rights to perform development services on the software, there is no subcontract opportunity available during the term of this contract.

In 2011, the vendor and the Elections Board entered into a settlement agreement that provided software licensing to the Elections Board at no charge for three years for voting equipment and five years for EZ Roster software for use with ePollbooks. This period has expired. The Elections Board must purchase the EZ Roster software license to use it, as well as receive updates and help desk support which is necessary for the continued use of the ePollbook units.

13-IT. DEPARTMENT OF INFORMATION TECHNOLOGY

On behalf of the Maryland Medical Cannabis Commission

Contract ID: Maryland Medical Cannabis Seed-to-Sale Tracking System
ADPICS BPO No.: 060B6400047

Contract Description: The procurement of a Software as a Service (SaaS) application that supports the identification and tracking of cannabis in all its forms for the purposes of inventory, enforcement, investigations and diversion prevention (“Seed-to-Sale System”) for the Maryland Medical Cannabis Commission (MMCC).

Award: Franwell, Inc., Lakeland, FL

Term: 8/18/2016 – 8/17/2019 (3-year base, with two 1-year renewals)

Amount: \$ 930,000 (3-year base)
\$ 310,000 (renewal option 1)
\$ 310,000 (renewal option 2)
\$1,550,000*

** The services offered under this Contract will be provided via a self-funded business model at no cost to the State. The self-funded business model has established a pre-defined fee structure for the Contractor to support, design, develop, and host the Seed-to-Sale system.*

Procurement Method: Competitive Sealed Proposals

Proposals:

RANKING				
	Technical	Financial	Overall	Evaluated Price (Five years)
Franwell, Inc. Lakeland, FL	1	1	1	\$1,550,000
Bio-Tech Medical Software, Inc., d/b/a BioTrackTHC Fort Lauderdale, FL	2	2	2	\$1,575,000

13-IT. DEPARTMENT OF INFORMATION TECHNOLOGY (cont'd)

On behalf of the Maryland Medical Cannabis Commission

MBE Participation: None

Remarks: DoIT released the RFP on behalf of the MMCC. Two prospective offerors were directly solicited in addition to advertising the solicitation for 30 days on *eMarylandMarketplace* in addition the DoIT and the MMCC websites.

A total of seven proposals were received. After discussions and demonstrations of each of the offeror's proposed tracking system, four were found to be not reasonably susceptible of being selected for award and so notified. The remaining three proposals from Franwell, Inc., BioTrackTHC and MJFreeway, LLC, were technically ranked. Franwell, Inc. was technically ranked number one based on their experience, capabilities and functionality of their proposed Seed-to-Sale Tracking System which met all of the requirements for the MMCC. Franwell's Seed-to-Sale Tracking System, metrc, delivers 100% out-of-the-box functionality and has been tested, proven and is currently operational in three states. Franwell's metrc software platform was created strictly as a regulatory compliance and reporting system. In addition, Franwell, Inc. provided the lowest price, determining them to be ranked number one overall and the most advantageous offer to the State.

The Natalie M. LaPrade Maryland Medical Cannabis Commission is an independent Commission that functions within the Department of Health and Mental Hygiene. The purpose of the Commission is to develop policies, procedures, guidelines, and regulations to implement programs to make medical cannabis available to qualifying patients in a safe and effective manner. In order to fulfill this statutory mandate, the Commission is responsible for assuring the safety of medical cannabis and cannabis products and protecting that cannabis from diversion.

Although the statutory provisions permit the MMCC to license medical cannabis Growers, Dispensaries and Processors, and to register Independent Testing Laboratories to perform testing intended to ensure the safety and quality of the medical cannabis and cannabis concentrates, these activities remain illegal in many other states and under federal law. Additionally, unlicensed cultivation, production and sale of cannabis and cannabis products remain illegal within Maryland. Further, the current law provides increased penalties for those who illegally divert cannabis from the MMCC's program. The conflicted legal status of cannabis creates unique regulatory challenges. MMCC required a Seed-to-Sale System to prevent diversion of cannabis, allow for efficient tax and inventory audits, to protect the public health, and to facilitate the enforcement of the regulations. The Seed-to-Sale System should allow MMCC to enact a robust regulatory framework around legal medical cannabis establishments while ensuring that federal enforcement priorities are met.

ACTION AGENDA
August 17, 2016**

13-IT. DEPARTMENT OF INFORMATION TECHNOLOGY (cont'd)
On behalf of the Maryland Medical Cannabis Commission

Remarks: (cont'd)

The MMCC believes it is in the best interest of the State for the Board to approve this award with a start date of August 18th due to the following: On August 15th the MMCC will release the names of the initial 15 Grower and 15 Processor potential licensees chosen from around the State. On August 25th, there will be an organizational meeting with the 30 business entities as potential licensees. It is advantageous to the State that the selected Contractor for the Seed-to-Sale Tracking System is identified prior to the August 25th meeting so that the potential licensees can begin the process of implementing their technology infrastructure as required by the State.

Contract Term: 42 calendar days from NTP

Procurement Method: Competitive Sealed Bidding
(Small Business Reserve)

Bids:

Roofing & Sustainable Systems Baltimore, MD	\$269,132
Peneko Construction, Inc. Bowie, MD	\$270,000
Patuxent Contracting, Inc. Capital Heights, MD	\$273,948
J & R Roofing Co. Inc. Jessup, MD	\$335,000

MBE Participation: 0% (Single Element of Work)

Performance Security: None

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
August 17, 2016

3-C. MOTOR VEHICLE ADMINISTRATION (cont'd)

Agency Remarks: This solicitation was advertised on eMaryland Marketplace on November 6, 2015 and had a bid due date of December 10, 2015. Eight hundred eighty-five firms were notified via eMaryland Marketplace; of which 102 were Minority Business Enterprises and 126 were Small Business Enterprises. Twenty-seven firms participated in the site visit. Five bids were received, one of which was deemed non-responsive as they did not meet the required qualifications of the bid.

Upon survey of the firms that attended the site visit but did not provide a bid:

- (5) firms responded;
- (2) firms mobilized staff for other projects;
- (2) firms missed the bid deadline date; and
- (1) firm was interested in larger projects.

The economic market for this single element of work was a factor as portrayed by the tightly grouped bids near the apparent low bidder's price, indicates that the appropriate price in today's economic conditions is higher than the engineer's estimate. The Engineer's Estimate for this project was \$246,256 or 8.5 % lower than the low bid. The Engineer's Estimate, when compared to the contractor's schedule of values, was understated in the areas of general materials requirements, project escalation, and overhead/profit.

No MBE goal was established for this contract because it is a single element of work.

Fund Source: 100% Special Funds Budgeted to MVA

Appropriation Code: J04E0003

Resident Business: Yes

MD Tax Clearance: 16-0120-0111

4-M. MARYLAND AVIATION ADMINISTRATION
Maintenance Contract

Contract ID: MAA-MC-16-020 (Tile and Paver Repair Services at Baltimore/Washington International Thurgood Marshall (BWI Marshall) and Martin State (MTN) Airports
ADPICS NO.: MAAMC16020

Contract Description: This contract provides for all labor and materials to perform on-call tile and paver repair services at BWI Marshall and MTN Airports.

Award: J & J 2000, Inc. T/A J & J Construction
Littlestown, PA

Contract Term: 12/01/2016 – 11/31/2021 Five Years

Amount: \$1,167,704

Procurement Method: Competitive Sealed Bidding
(Small Business Reserve)

Bids:	J & J 2000, Inc. T/A J & J Construction Littlestown, PA	\$1,167,704
	Mediterranean Construction Company Dundalk, MD	\$2,452,000

Living Wage Eligible: Yes

MBE Participation: 0% (Single Element of Work)

Performance Security: Annualized Performance Bond at 50% of the Contract Amount
Exists

Requesting Agency Remarks: The Engineer's Estimate was \$1,250,000; approximately 7% higher than the low bid received and is attributed to the incumbent's familiarity with working on MAA projects.

This Solicitation was advertised on eMaryland Marketplace and MAA website. eMaryland Marketplace directly notified 773 firms, of which 127 were small business firms. The MAA directly solicited 20 prospective bidders, ten of which were MBEs. The solicitation was sent to the Governor's Office of Minority Affairs and five minority business associations on February 27, 2016. Eight sets of specifications were obtained by bidders; two bids were received.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
August 17, 2016

4-M. MARYLAND AVIATION ADMINISTRATION (cont'd)

Agency Remarks (cont'd)

The Procurement Officer contacted the firms and requested reasons for not submitting a bid for the requested services. The reasons for non-submission were:

- not a good fit for the company;
- forgot to drop off bid;
- working as a subcontractor for prime; and
- didn't receive bonding in time for the submission.

The contractor is responsible making repairs to the almost 400,000 square foot of porcelain, ceramic, granite, concrete and stone floor tiles, as well as tiles found on vertical surfaces at BWI Marshall. Damages are due to the aging facilities, issues with expansion joints, equipment and heavy passenger traffic as well as accidents.

The MBE and VSBE goals established for this contract were 0% because it is a single element of work.

Mediterranean Construction Company submitted an untimely protest stating J&J Construction bid was non-responsive because J&J Construction did not acknowledge the addenda and is not a small business; however, J&J Construction had acknowledged the addenda and is a certified small business; therefore, MAA denied the protest. No appeal was filed.

5-M. MARYLAND AVIATION ADMINISTRATION (cont'd)

Agency Remarks: The Engineer's Estimate is \$2,350,278. The difference between the Engineer's Estimate and the low bid is 4%.

This Solicitation was advertised on eMaryland Marketplace and MAA website. eMaryland Marketplace notified 202 firms, of which 34 were small business firms and 22 were MBE firms. The MAA directly solicited 49 prospective bidders of which 10 firms were VSBE and 19 firms were MBE's. The solicitation was sent to the Governor's Office of Minority Affairs and five minority business associations on May 19, 2016. Seven sets of specifications were obtained; three bids were received.

The Procurement Office contacted the non-bidding four firms and requested reasons for not submitting a bid. One firm bid as a subcontractor to the prime and three firms did not respond to our multiple attempts at contacting them.

The contractor must provide guaranteed coverage and indoor treatment every three weeks for the following insects: cockroaches (all species), ants (all species), fleas, silverfish, millipedes, centipedes, flying insects, crickets, and termite swarms. The contractor will also provide indoor and outdoor treatment for rodents and a management program for bird deterrent.

Maryland Works, Inc. provided MAA with a waiver for these services.

Requesting Agency Remarks: The Engineer's Estimate is \$1,101,378. The difference between the Engineer's Estimate and the low bid is 1%.

This Solicitation was advertised on eMaryland Marketplace on May 5, 2016. eMaryland Marketplace notified 304 firms, of which 53 were Small Business Enterprises and 105 were Minority Business Enterprises.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
August 17, 2016

6-M. MARYLAND AVIATION ADMINISTRATION (cont'd)

Remarks (cont'd):

The MAA directly solicited 18 prospective bidders. The solicitation was sent to the Governor's Office of Minority Affairs and five minority business associations on May 9, 2016. Four sets of specifications were obtained; two bids were received.

The MAA contacted the two non-bidders to ascertain reasons for not bidding. One firm stated they did not think they could not be competitive and the other firm has not returned the call.

The MBE goal and VSBE goal were established at 0% due to only five firms being capable of performing these services. MAA directly solicited the five firms.

The low bidder is a small business enterprise.

7-M. MARYLAND AVIATION ADMINISTRATION (cont'd)

Incumbents: P. Flanigan & Sons, Inc.
Baltimore, MD

Agency Remarks: The Engineer’s Estimate for this project is \$31,790,560. The difference between the Engineer’s Estimate and the low bid is 6%. The difference is attributed to the low bidder’s familiarity with the airport.

This Solicitation was advertised on eMaryland Marketplace and MAA website. eMaryland Marketplace directly notified 328 firms, of which 71 were small business firms and 45 were Minority Business Enterprises. The MAA directly solicited six prospective bidders. The solicitation was sent to the Governor’s Office of Minority Affairs and five minority business associations on April 21, 2016. Eleven sets of specifications were obtained; three bids were received.

The Procurement Office contacted the other eight firms and requested reasons for not submitting a bid. Only three firms responded:

- (1) firm was not able to meet the time requirements for being on-site once notified to appear for removal services;
- (1) firm had prior commitments; and
- (1) firm did not have the proper equipment required for the services.

MAA received a waiver from Maryland Works on January 6, 2016.

8-M. MARYLAND TRANSIT ADMINISTRATION
Maintenance Services

Contract ID: BM-15-1029 (Transport, Inspect, and Repair – New Flyer Bus)
ADPICS No.: BM151029

Contract Description: This contract provides for the repair of a Maryland Transit Administration (MTA) New Flyer of America, Inc. (NFA) articulated bus, which was incapacitated by a fire destroying the entire bus engine housing.

Award: New Flyer of America, Inc.
St. Cloud, MN

Amount: \$218,017 NTE

Contract Term: 09/08/2016 – 09/07/2017

Procurement Method: Sole Source

Living Wage Eligible: None

MBE Participation: None

Performance Security: None

Incumbent: None

Requesting Agency Remarks: NFA's price of \$218,017 NTE is 12.9% under the Engineer's Estimate of \$250,500. The difference is found in the electrical and mechanical labor areas, as well as the supplies, parts and equipment needed for the repair. NFA provides catastrophic repair services for its customers regularly; therefore, the company is able to provide lower prices due to continuously stocking required materials and maintaining a cost-effective relationship with suppliers. NFA is the original equipment manufacturer (OEM) of the damaged bus which is one of over 600 NFA buses in the MTA fleet.

This contract was necessitated by an engine fire on MTA Bus 11091. The fire caused catastrophic damage to the hybrid drive system and all of the electrical components and harnesses housed in the engine compartment. If this bus could not be repaired and was written off, the MTA would be obligated to reimburse Federal funds in the approximate amount of \$373,167 and would lose a revenue generating vehicle. The MTA intends to repair the bus at the NTE amount of \$218,017, 41.6% or \$155,151, less than the Federal Reimbursement cost.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
August 17, 2016

8-M. MARYLAND TRANSIT ADMINISTRATION (cont'd)

Remarks (cont'd):

MTA performed thorough research efforts, studying all possible options of repairing the bus to a safe, reliable condition. MTA contacted other transit agencies and the vendor community to determine the most efficient and cost effective method of repairs. This research revealed that no local or regional vendors possessed the capability or willingness to repair the bus due to the extensive fire damage. An in-depth evaluation was conducted in consideration of performing the work in-house. The analysis determined that it would take significantly more man-hours and a higher overall cost to attempt the repair without a complete certainty that the overall objective would be obtained due to the nature of the damage and the expertise required. After extensive research and analyzation of the results, NFA was determined to be the only vendor with the appropriate facilities; schematics and original as-built drawings; bills of material; certified and expert technicians; and accessibility to replacement parts needed to bring the bus back to safe operational condition. The bus will be delivered to the New Flyer facility located in Arnprior, Ontario where a detailed inspection and exhaustive identification of required parts will be performed to ensure the bus is rebuilt to a safe, efficient and reliable transit vehicle. After full repair, the bus will have an estimated six to nine years of remaining useful life and since NFA, the original equipment manufacturer, will perform the repair work a two-year hybrid components warranty and a 12-year structural warranty will remain valid.

The MTA utilized the information learned by performing widespread market and transit agency research, compared with the Engineer’s Estimate and the cost to perform the repairs in-house to determine New Flyer of America, Inc. is the only vendor that can return MTA Bus 11091 to an as-new condition, using original specifications, and will complete the repairs for the fair and reasonable NTE price of \$218,017.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
August 17, 2016

12-M. STATE HIGHWAY ADMINISTRATION (cont'd)

Agency Remarks: The Engineer's Estimate for this contract was \$1,737,010. The low bid received is 22.42% over the Engineer's Estimate. The engineer's estimate was low on four items. These items were for maintenance of traffic signs, Bridge Repair Foreman, Skilled Labor and Intermediate Skilled Labor. The Engineer's Estimate was based on bids received for previous contracts with similar work; however, the bids prices for these items indicate our Engineer's Estimate was insufficient for the current construction market. SHA has confirmed Covington Machine & Welding, Inc.'s bid price.

The Solicitation was advertised in eMaryland Marketplace. Four hundred nineteen potential contractors were notified about this contract on eMaryland Marketplace; 63 of which were MDOT Certified MBE's.

The second low bidder filed a bid protest stating that the apparent low bidder lacks the technical qualifications and experience necessary to meet the minimum requirements of this contract. SHA sustained the protest and the apparent low bidder was deemed non-responsible by not having possessed the requisite experience and qualified personnel to successfully complete this project.

15-RP. MARYLAND TRANSIT ADMINISTRATION
Real Property – Acquisition

Recommendation: That the Board of Public Works approve MTA acquiring real property.

Authority: Transportation Article, Section 7-204 (d) (1)

Property: MTA # 01379
4306 Montgomery Avenue (± 5,501 sq. ft.), Bethesda, MD 20814

Grantor: Spiros N. Kaldis

Grantee: State of Maryland, Maryland Transit Administration

Consideration: \$14,555

Appraised Value: \$12,100 – Karen Belinko, (Selected)
\$10,950 – Georgia Nichols, (Approved)
Casey Fitzpatrick, Review Appraiser

Special Conditions: None

Fund Source: 80% Federal, 20% Special Funds Budgeted to MTA

Requesting Agency Remarks: The subject property is required for the construction of MTA’s Purple Line located in Montgomery County, Maryland. The property is zoned CRN-0.50 and the acquisition consists of 704 sq. ft. of temporary construction easement and on-site improvements. The property owner has agreed to accept an administrative settlement of \$14,555, which acknowledges the current assessment value of the property, and has executed the Option Contract. This settlement is reasonable, supportable, and in the best interest of all parties.

16-RP. STATE HIGHWAY ADMINISTRATION
Real Property - Disposition

Recommendation: That the Board of Public Works approve State Highway Administration disposing of property that is excess to the Agency’s needs.

Authority: Transportation Article, Section 8-309(f)(1)(ii)
Annotated Code of Maryland

Property: MMC# 15-2468
Former Gertrude Nicholson property (+/- 0.092 acres)
southeast corner of MD Rte. 100 and MD Rte. 295, west of
Wright Rd., Hanover, MD - Anne Arundel County.

Special Conditions: N/A

Grantor: State of Maryland, State Highway Administration

Grantee: Ajay Khanna

Consideration: \$7,000

Appraised Value: \$10,050 -Thomas Herbert, Appraiser (Approved)
Ronald Hidey, Review Appraiser

Special Conditions: N/A

Legislative Notice: N/A

State Clearinghouse: N/A

Requesting Agency Remarks: In 1950, the site was acquired by State Highway Administration (SHA) for the widening of MD 100 project in Anne Arundel County. The property has been appraised at \$10,050 and cannot be developed as a stand-alone parcel based on the size and configuration. It has been concluded that it’s highest and best use would be assemblage with the adjacent parcel-495 (Khanna) and development with the existing zoning.

17-GM-MOD. **MARYLAND TRANSIT ADMINISTRATION**
Modification: General Miscellaneous Contract

Contract ID: MTA-1423 (Commuter Bus Services)
ADPICS No.: CO336498

Contract Approved: DOT Agenda 08/13/2014; Item 41-GM

Contractor: Academy Express, LLC.
Hoboken, NJ

Contract Description: This contract provides weekday Commuter Bus Services from Harford County to downtown Baltimore. Commuter Bus Route 420 currently offers five morning trips, originating at Union Avenue and Green Street, with 12 pickup locations in Harford County, one in Baltimore County, and nine stops through downtown Baltimore, terminating at Johns Hopkins, as well as five reverse afternoon trips originating at Johns Hopkins and terminating in Harford County.

Modification Description: Modification No. 1 is required to add contract authority to support an expansion of services by adding Commuter Bus Route 425, a new weekday reverse route originating at Johns Hopkins in downtown Baltimore traveling to Harford County.

Original Contract Term: 10/01/2014 - 09/30/2017

Modification Term: 10/01/2016 – 09/30/2017

Original Contract Amount: \$2,461,939

Modification Amount: \$501,000

Prior Mods/Options: None

Revised Total Contract Amount: \$2,962,939

Percent +/- Change: 20.3%

Overall Percent +/- Change: 20.3%

17-GM-MOD. MARYLAND TRANSIT ADMINISTRATION (cont'd)

MBE Participation: 5%

MBE Compliance: 28%

Agency Remarks: This modification is to expand existing Commuter Bus Services to and from Baltimore as part of the Baltimore Link initiative. On October 1, 2016 new Commuter Bus Route 425, the reverse of existing Commuter Bus Route 420, will be added to this contract. The route includes three weekday morning trips originating at Johns Hopkins, four pickup locations in downtown Baltimore, two stops in Baltimore County, and 13 stops in Harford County, terminating at Union Avenue and Green Street. In addition, three weekday afternoon reverse trips will be added, originating at Union Avenue and Green Street in Harford County and terminating at Johns Hopkins in downtown Baltimore, completing the round-trip cycles.

CONSTRUCTION CONTRACT

ITEM 1-C (Cont.)

Sufficient funds are available to proceed with the award of the base bid. Huntzberry Bros., Inc. has confirmed its bid price and understanding of the scope of work.

Although only one responsive bid from a responsible bidder was received, the procurement officer and project manager are requesting that an award be made to the single bidder. To re-bid this project would most likely result in a similar situation and due to the lack of a water sub-meter the State Highway Administration is receiving exorbitant water bills from the City of Hagerstown.

This project was first bid on August 25, 2015 and two (2) bids were received ranging from \$163,841.00 - \$287,250.00. The State determined it would be fiscally advantageous to revise the specification and drawings to include the installation of a water sub-meter instead of a waterline replacement. There was an absence of a continued need for this procurement and a notice of rejection was sent to both contractors.

Other prospective bidders were contacted to determine why they chose not to submit a bid. One vendor stated it is a supplier and therefore doesn't install water meters. A second vendor stated they were too busy to submit a bid. Another stated due to distance from the metropolitan area it could not submit a competitive bid. The fourth vendor stated installing a water meter is not a large enough project to cover its overhead costs.

\$1,000,000 Total Est. per Firm Total Projected contract amount per firm x 6 firms = \$6,000,000.

MBE PARTICIPATION 25%

REMARKS At the March 16, 2016 public meeting of the General Professional Services Selection Board, the Chairman of the Qualification Committee reported that six(6) of the thirteen (13) firms which submitted responsive technical proposals achieved the minimum qualifying score of 85% and were potentially eligible to provide the required services. The Committee asked the Board to authorize the request of price proposals from the six (6) selected firms.

Each firm has structured its team to meet the State's established MBE goal which will be set for each project based upon the proposed fee and services required for the project.

The price proposal submitted by each firm reflected billing rates for each discipline required for this contract. The billing rates were inclusive of direct salaries, fringe benefits, overhead, profit, materials, and all other costs, direct and indirect.

The fee for each project awarded under the proposed agreement shall be negotiated and the contract will be approved and executed by the State individually. Projects will normally be awarded on a rotating basis beginning with the number one ranked firm. Once the project award process has been initiated with a firm in the normal rotation, the next opportunity for project award will go to the next firm in the rotation unless the unit issuing the assignment finds that:

ARCHITECTURE AND ENGINEERING SERVICES

ITEM 6-AE (Cont.)

1. The firm is unable to perform the assignment;
2. The hours or fees proposed by the firm for services needed cannot successfully be negotiated to an amount the State considers fair and reasonable,
3. Another firm has special experience or qualifications, including geographic proximity to the site for which services are needed, that make it in the best interest of the State to give the assignment to another firm.
4. Assignment to another firm would tend to balance to a greater extent, among firms on the indefinite quantity contract list being used, the fees paid or payable for work assignments previously issued.

At the June 16, 2016 public meeting of the General Professional Services Selection Board, the Chairman of the Negotiation Committee certified to the General Board that the negotiations were conducted in accordance with the regulations governing the Negotiation Committee and that the price proposals were determined to be fair, competitive, and reasonable.

The price proposals and the scope of services represented by the price proposals were reviewed by the General Professional Services Selection Board. The price proposals were accepted by the General Board as fair, competitive, and reasonable as required by Title 13-308 of the State Finance and Procurement Article, Annotated Code of Maryland.

The Negotiation Committee's recommendation was approved by the General Professional Services Selection Board on June 16, 2016 and is recommended to the Board of Public Works for approval.

DEPARTMENT OF NATURAL RESOURCES
(Land and Property Management)

RECOMMENDATION

That the Board of Public Works accept DNR's Report of Delegated Leases concerning current leases of State-owned dwelling houses, outbuildings, and agriculture lands that are located on State parks, forest, wildlife management areas, and other DNR-managed properties.

AUTHORITY

BPW Advisory 2006-2 (citing State Finances and Procurement Article, §10-305, Annotated Code of Maryland).

SUMMARY

This report lists each property that DNR had leased under its delegated authority from the Board of Public Works as of June 30, 2016. The next report will be submitted to the Board of Public Works within 90 days following June 30, 2017. The (246) leased-properties are:

1. Located throughout the State.
2. Includes 12,797.38 acres of cropland and grazing land.
3. Produces annual revenue of \$2,108,030.00 *
4. Number and types of leased properties under delegated authority:

90 Cropland
19 Grazing Land
25 Dwellings
28 Outbuildings
84 Operational Employees

* Revenue generated from Forest and Parks properties is deposited in the State Forest and Park Reserve Fund. Revenue generated from the Wildlife and Heritage Unit properties is deposited in the Wildlife Management and Protections Fund.

Previous Board Action(s) January 3, 1979 Item L-A-9

Reference Reference is made to the Board of Public Works Action Agenda of March 7, 2001, Item 8-L, wherein the Board approved a Master Lease agreement from the Department of General Services to Historic Annapolis, Inc. for 11 properties. The Master Lease agreement is for a 30-year term, which commenced March 7, 2001 at \$1.00 per year. It provided that the 11 properties will be used for general public use and historical preservation purposes. The Lease was modified and approved by the Board of Public Works on October 29, 2014, Item 11-LL-MOD. This item is tied to the extension request of **15-LL**.

The Master Lease further provides that subject to Board of Public Works approval, the Tenant may sub-lease the properties to generate income. Therefore, pursuant to said provision, Board of Public Works approval is requested for the renewal of the following sublease:

10 Market Street Sub-Tenant: Manus McGarvey's Saloon, Ltd.
Term: 40 Years
Annual Rent: \$30,784.00 with an annual increase during the term.
