Traveling with Physical Disabilities

Version 1

PHL *Access for All* program

This story is part of the *Access for All* program for people with disabilities at the Philadelphia International Airport (PHL). This program can be used to assist you when you are flying to or from PHL.

Let's talk about physical disabilities!

Physical disabilities are permanent or temporary medical conditions that can limit someone's basic physical activities.

Examples:

Impact a person's balance, ability to stand, to climb stairs, or to walk.

Impact the ability to sit, reach, carry, or lift.

Some may need an assistive device (walker, cane, a reacher, wheelchair).

Physical conditions can also be hidden.

Each person, and each condition, is unique!

Do physical disabilities impact travel?

For some, physical disabilities impact their ability to travel, and they need some assistance. You can sometimes self-accommodate, but assistance is available when needed.

Examples of Self-Accommodations

- Comfort items (such as a blanket, footrest, travel pillow)
- Personal assistive device (such as cane, neck brace, wheelchair)
- Medical supplies (such as oxygen, incontinence or bathroom supplies)

Examples of requested assistance

- Wheelchair or guided assistance requested from your airlines
- Help through security from TSA Cares
- Guest pass available from the airlines
- Sunflower lanyard from an information booth

There are multiple transportation options to get to and from the airport.

SEPTA
Airport Terminals C & D

- Car
- Taxi
- Shared Ride
- Private Wheelchair Transportation (Sarah Car Care)
- SEPTA Train
- SEPTA Bus

Put your medications and small medical related items in a carry-on bag. They will not be counted as a carry-on bag.

Label your wheelchair and other items with your name, address, and phone number.

Plan to have items you will need for your disability while in the Airport or on the plane.

Examples:

- Mobile device for Apps
- Headphones
- Bathroom supplies
- Medications
- Feeding supplies
- Blanket

Airlines must provide wheelchair services and guides when needed.

You will find a ticketing area for each terminal in the Airport.

In ticketing, you get your boarding pass and check luggage that you are not carrying on to the plane.

You can obtain a wheelchair or guide in the ticketing area.

After ticketing, you will go through Security. This area is managed by TSA.

You can call TSA Cares for assistance through security or if you have questions about security.

Once you leave security you will make your way to your gate.

The Airport can become very full of people and noisy on busy days.

If you need assistance through security or the airport, you have options.

1

- You can request a “guest pass” at ticketing to have someone you know assist you through security and to your gate. Not all airlines offer this, but many do!

2

- Contact TSA Cares to ask for an assistant through security.

3

- Call your airlines to request wheelchair assistance or an escort to go with you from ticketing, through security, and to your gate.

You can contact the PHL ADA Office if you need an accommodation while you are at PHL.
