Download Brother iPrint&Scan from the App Store

Brother iPrint&Scan allows you to use features of your Brother machine directly from your iPhone, iPod touch, iPad, and iPad mini.

You can install Brother iPrint&Scan from the App Store. For best results, make sure you are using the latest version.

Device Connections

Connect your mobile device to your Brother machine using one of the following connection methods:

Wi-Fi®

To configure your Brother machine for a Wi-Fi connection, see your machine's *Quick Setup Guide*.

Wi-Fi Direct®

To configure your Brother machine for a Wi-Fi Direct network, download any of the following guides from your model's **Manuals** page on the Brother Solutions Center at <http://support.brother.com>.

- *Wi-Fi Direct Guide*
- *Software and Network User's Guide*
- *Online User's Guide*

Your Brother machine must support Wi-Fi Direct.

Remote Print (Google Cloud Print™)

To configure your Brother machine for printing using Google Cloud Print, download the *Google Cloud Print Guide* from your model's **Manuals** page on the Brother Solutions Center at

<http://support.brother.com>.

Your Brother machine must support Google Cloud Print.

Depending on your Brother machine and mobile device, supported connection methods may vary.

Set a Device

If a different machine is selected or if **No Device Selected** is displayed:

1 Tap a model name or **No Device Selected**.

2 Select a device.

-
- If your machine is not in the list, you may be able to find it by tapping **Set Manually**, and then entering its IP address.
 - Refresh the list by swiping over it.
-

Edit an Image

Edit
