- Students attending an Idaho college or university and members of the military on active duty and dependents do not need to apply for an Idaho driver's license if they have a valid out-of-state license.

Bring your out-of-state driver's license to your county Sheriff's DMV office Idaho

- When applying for an Idaho driver's license, your out-of-state driver's license must be surrendered to your county Sheriff's DMV office.
- You will need to provide U.S. citizenship or lawful presence as well as your identity. This is commonly accomplished by providing a U.S. certified birth certificate and an out-of-state driver's license or identification card.
- If you do not have an out-of-state credential you can check the Idaho Driver's Manual for a list of other acceptable photo identity documents. The manual is available at your local DMV offices or online at dmv.idaho.gov.

- If the name on your birth certificate does not match your current name, you must bring a secondary identity document. You can check the Idaho Driver's Manual for a list of other acceptable photo identity. The manual is available at local DMV offices or online at dmv.idaho.gov.

Bring a document to prove you are now a resident of Idaho
